## **BSCAI Announces New Affinity Partnership with Service First Processing**

CHICAGO – Building Service Contractors Association International (BSCAI) is pleased to announce its new Affinity Partnership with Service First Processing (SFP) to reduce members' credit card processing costs.

SFP is a leading payment processing provider helping merchants navigate the constant changes in the bank card industry while keeping costs low, ensuring data security, and enhancing efficiency by making it simple to run transactions.

“We are thrilled to add Service First Processing to our roster of BSCAI Affinity Partners,” says Christopher Mundschenk, CAE and BSCAI Executive Director. “This partnership helps our members lower costs, enjoy increased transaction transparency and access processing industry experts.”

As trusted advisors, SFP professionals assess each company's current situation to evaluate its strengths and identify areas for improvement and provide its employees with education on how the processing industry works and how to avoid common pitfalls.

As part of their new Affinity Partner status, SFP will provide BSCAI member companies with custom savings proposals based on their unique processing needs. BSCAI members will also enjoy exclusive member benefits, including a 60-day trial period and no-cost equipment loaner program, a 90-day trial period for members who do not currently accept credit cards, a free equipment loaner program, a free “AccessOne” online reporting system and a dedicated member helpline. In addition, 10% of the net process revenue SFP generates from a member's account will be rebated back to the member on an annual basis. Learn more about SFP on [sfprocessing.com](https://sfprocessing.com) and the SFP page on the [BSCAI Website](https://bscai.org).

### **About BSCAI**

Since 1965, the Building Service Contractors Association International (BSCAI) has been the Business Resource for Contractors™. BSCAI represents a worldwide network of member companies that provide cleaning, facility maintenance, security, landscaping, and other related services to building owners and managers. The association provides contractor-specific educational programs, individual certifications, publications, a members-only purchasing program, seminars, industry data and research, and unmatched networking opportunities, all developed specifically for leaders in the building service and facility maintenance contracting industry. For additional information about BSCAI, visit [bscai.org](https://bscai.org).

### **About Service First Processing**

Service First Processing (SFP) consults on and provides credit card and electronic payment processing for businesses, with a particular focus on servicing trade associations and buying groups. Its solutions integrate with several enterprise resource management (ERP) platforms. For additional information about SFP, please visit [sfprocessing.com](https://sfprocessing.com).
